

# Video Electroencephalography: VEEG

## Recommended Packing List

THE UNIVERSITY OF  
CHICAGO MEDICINE

Comer Children's Hospital

Your child may be admitted for VEEG monitoring for several days. The following list is provided to help prepare you for your stay. You know your child best and can bring what would make him/her most comfortable during their visit. The Child Life playroom has additional toys and materials to support children when limited to their room. Please bring extra clothes to help you and your child be more comfortable.

### Items for your Child:

- ☐ Items that may induce your child's seizures or events
- ☐ Small backpack (for younger patients to carry their EEG pack)
- ☐ Favorite toys, movies, books, etc.
- ☐ Activities that might be fun and new
- ☐ Comforting blanket, pillow, stuffed animal
- ☐ Button-up shirt or pajamas
- ☐ Photos of family members and pets
- ☐ Glasses, hearing aids, crutches, braces
- ☐ Slippers or socks
- ☐ Toothbrush and toothpaste
- ☐ Schoolwork, if appropriate
- ☐ Personal items (hairbrush, chapstick, etc.)

### Items for Caregivers:

- ☐ Name of your child's primary care doctor
- ☐ Insurance card
- ☐ Photo ID
- ☐ A list of medications that your child is taking
- ☐ Personal items (hairbrush, chapstick, etc.)
- ☐ Slippers or socks
- ☐ Comfortable clothes for overnight caregivers
- ☐ Magazines, books, etc.
