

Evolutionary Morphology Seminar Series
Spring Quarter 2014
Henry Hinds Laboratory, University of Chicago
5734 S. Ellis Ave., Room 176
Thursdays at 7:30 PM

April 10, 2014

RICHARD ARONSON
Florida Institute of Technology
“Death and Resurrection of Coral Reefs”

April 17, 2014

MICHAEL HELLBERG
Louisiana State University
TBD

April 24, 2014

JUKKA JERNVALL
University of Helsinki
“Playing with Evolutionary Transitions in the Fossil Record”

May 1, 2014

JAMES CHEVERUD
Loyola University Chicago
TBD

May 8, 2014

A. K. BEHRENSMEYER
Smithsonian Institution
TBD

May 15, 2014 - Sewall Wright Lecture

MICHAEL ALFARO
University of California Los Angeles
“All your bases are belong to us: phylogenomic and phyloinformatic insights into the diversification and evolution of ray-finned fishes”

May 22, 2014

SHARLENE SANTANA
University of Washington
“Ecomorphological approaches to understanding bat diversity”

May 29, 2014

ANDREW BIEWENER
Harvard University
TBD
