Experts Share Their Insights into Video Game Theory

What video games have you played recently? World of Warcraft? Winning Eleven? Candy Crush?

You may not be an obsessed gamer, but all of us have played video games at some point in our lives. In fact, gaming has become such a huge phenomenon in Asia and around the globe recently that eSports competitions are even Olympic sporting competitions.

Join the first episode of the Video Games mini-series to learn more about UChicago faculty's unique perspective on game studies in the 21st century.
