Unloading

In order to facilitate a smooth and orderly flow into the building, cars will be lined up and students will be able to unload in the order in which they arrive. The line will begin in front of Broadview Hall and will extend along the southbound lane of East Hyde Park Boulevard. Upon arrival, please join the end of the line. By doing so, you will soon be able to unload near the front of the building (note: if you followed the driving directions above, you should automatically arrive at the end of the line). Students known as House Orientation Aides will be available to assist you upon arrival. They will be wearing special t-shirts to help you identify them. House O-Aides can help you unload your car and carry your boxes to your new room. In order to avoid running the meter while waiting in line, students arriving by taxi may unload in the front of the line, just south of Broadview Hall. Taxicabs coming from the airport should follow the directions above via I-94. At South Hyde Park Boulevard, you can exit the cab and a House O-Aide will help you unload and direct you to the check-in area. As soon as a car is unloaded, it should be moved in order to allow the next car to pull up. Carts will be available to assist you with your move. The House O-Aides will be in charge of carts and can provide one as you unload in the parking lot. Once you arrive at your room, the cart will need to be immediately unloaded and returned to the check-in area.

Parking

After unloading all your belongings, you will be instructed to immediately move your car from the front of Broadview Hall to make room for the next arriving student. Limited parking is available at a nearby elementary school. Drivers should go south on South Hyde Park Boulevard, turn right onto East 56th Street, and then turn right again onto South Cornell Avenue. The entrance to the parking lot will be on the left hand side a short distance up South Cornell Avenue. House O-Aides will be available to provide drivers with these directions in greater detail.

What to Expect When You Arrive

In addition to helping you move your belongings, House O-Aides will be posted around the building to answer questions and provide general assistance. They can point you towards the check-in station, which will be located directly inside Broadview Hall. There, you will be able to pick up your keys, learn how to get to your new room, and receive instructions for the rest of the day. You will have time to unpack before needing to do things like pick up your Orientation Book, get your student ID, and pose with your fellow students for your class picture.

While moving in, you are likely to run into your Resident Head(s) and RA(s) as they will be walking around welcoming people to the House and answering any questions. Be sure to introduce yourself and your family to them. There will also be signs directing you to the Resident Head apartment in your House so that you know where to find them when you need them.
