Unloading

In order to facilitate a smooth and orderly flow into the building, cars will be lined up and students will be able to unload in the order in which they arrive. The car line will begin in the parking lot on the south side of NGRH and extend north along South Kenwood Avenue. Upon arrival, please join the end of the line. By doing so, you will soon be able to unload near the ramp in the rear of the building (note: if you followed the driving directions above, you should automatically arrive at the end of the line). House Orientation Aides will be available to assist you upon arrival to ensure that the move-in process runs as smoothly and quickly as possible. They will be wearing special t-shirts to help you identify them. These orientation aides can assist you as you unload your car and carry boxes to your new room. In order to avoid running the meter while waiting in line, students arriving by taxi may unload in front of NGRH, on 60th Street. Taxicabs coming from the airport should follow the directions above via I-94.

Parking

After unloading all your belongings, we ask that you immediately move your car from the NGRH parking lot to make room for the next arriving student. Please head south following the alley to Dorchester Ave. Turn right and go one block to 60th St. You may explore the Midway Plaisance to your north and the surrounding neighborhood to the south for parking spots (watch street signage closely as to the south there are permit required parking zones). Additionally, upon check-in you will receive a copy of the Family O-Book, which will have parking options on a map on the back cover. Please be patient, as the area will be more crowded than usual due to move-in.

What to Expect When You Arrive

In addition to helping you move your belongings, orientation aides will be posted around the building to answer questions and provide general assistance. They can point you towards the check-in station, which will be located at the reception desk on the north side of the NGRH lobby. There, you will be able to pick up your keys, learn how to get to your new room, and receive information for the rest of the day. You will have time to unpack before checking in for Orientation during the afternoon.

While moving in, you are likely to run into your Resident Heads and RAs as they will be walking around welcoming people to the House and answering any questions. Be sure to introduce yourself and your family to them. There will also be signs directing you to the Resident Head apartment in your House so that you know where to find them when you need them.
