

The Jeff Metcalf Internship Program

The University is asking the UChicago Community in Hong Kong for their help finding internships in the region for UChicago undergraduates through the Jeff Metcalf Internship Program. Through this Program, employees gain access to an unparalleled talent pool of UChicago undergraduates who consistently make significant contributions to their host organization. Check out more details if you are interested in participating as a Metcalf host.

Interventional Radiology Practice in the United States and East Asia (Jan 19-20)

The Interventional Radiology Symposium is a joint effort by UChicago Medicine, Hong Kong College of Radiologists and UChicago Center in Hong Kong to explore local differences in factors that affect the performance of interventional radiology and interventional neuroradiology procedures in order to implement an effective quality program that addresses issues related to Quality and Patient Safety. There will also be a session of Extreme IR where difficult cases are described and novel approaches discussed.
