Public Lecture: What is Quality STEM Education and What is its Importance for Our Future? (Jul 15)

What is STEM Education really about? It's definitely not just about the topics of science, technology, engineering and mathematics but also about the ways instruction is done. Come and join us at the public lecture by Jeanne Century and learn about STEM education in the US now and why it is important for our children and the future.

Nurturing Smart Talent in Smart City

Wednesday, July 11 2018
1:30 - 5:00pm
Cyberport 3, Function Room

Free Admission. Limited Seats. Register Now!

Jerry He
CEO, Bright Scholar Group (NYSE: BEDU)
China's largest operator of international K-12 schools

How "smart" are we in the digital economy? For UChicago graduates, our ability to keep learning for work and in life is the key career differentiator. Come and hear from Jerry He (Booth '04) to speak about how to develop future young talent for China. If you care about your future and the future of your next generations, don't miss it. Sign up for free.
