Winter 2015: Week 3

January 20, 2015

Resident Spotlight:

Hi! My name is Stephanie Chiri. I am from California and was in San Francisco working as a teacher for the last 4 years. Now I'm a first year Master's student at the School of Social Service Administration. I fell in love with Chicago the first time I saw snow falling. I still can't get over how beautiful it is. I chose to live at the International House to get the full college experience of living in a dorm as I attended a "commuter school" during undergrad and lived off campus. I saw the I-House as a way to finally have the experience I missed with the added bonus of meeting people from around the world. My favorite thing about living here is that there is always someone willing to distract you from the unreasonable amount of homework we all have or there is someone willing to share their food with you!
