

INTERNATIONAL HOUSES WORLDWIDE INC.

International Houses Worldwide is an affiliation of 18 International Houses from across the continents, united by one mission:

To provide students of different nationalities and diverse cultures with the opportunity to live and learn together in a community of mutual respect, understanding and international friendship.

The International Houses spread across the world are separate, independent, nonprofit making institutions united by one mission and providing long and some short term accommodation.

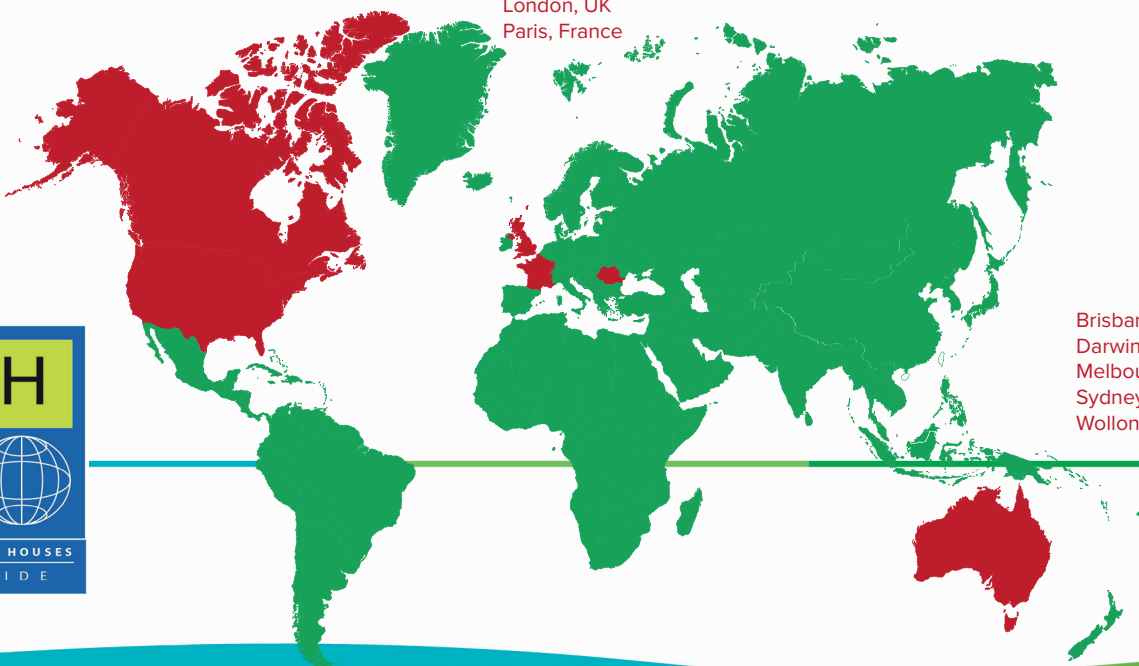

All I Houses give young people the opportunity to live and learn in a multicultural environment. An ambiance that nurtures understanding, dialogue and friendship enables cultural gaps to be bridged. At every I House worldwide, people with vastly divergent beliefs learn to accept differences in thought and tradition. Here they acquire intercultural skills that enhance their capacity as future leaders in the global community. Read more About International Houses Worldwide.
