

# IME Undergraduate Summer Research Internship Forum and UCISTEM Luncheon

**When: November 21, 12 – 1:30 PM**

**Where: West Lounge, Ida Noyes**

**Lunch will be provided**

*Space is limited, advance registration is suggested*

*RSVP on CCC or to Jennifer Oh at [jenniferoh@uchicago.edu](mailto:jenniferoh@uchicago.edu)*

Learn more about paid research internships and opportunities at the IME, how to prepare for them, and how to apply!

Meet and engage with IME faculty

## Guest Speakers

**Professor Matthew Tirrell**

***Pritzker Director of the Institute for Molecular Engineering  
Biomolecular engineering, nanotechnology, polymer properties***

**Professor Paul Nealey**

***Director of Undergraduate Studies  
Block copolymers, directed self-assembly (DSA),  
nanolithography, nanopatterning***

**Professor David Awschalom**

***Spintronics, solid-state quantum information processing,  
magnetic semiconductors, nanomagnetism, time-resolved  
magneto-optical spectroscopy***

**Professor Giulia Galli**

***Theoretical and computational modeling of materials,  
including solids, liquids and nanostructures***
