RISING STARS IN SOFT AND BIOLOGICAL MATTER VIRTUAL SYMPOSIUM: AUTUMN, 2022

The University of Chicago and the University of California, San Diego Materials Research Science and Engineering Centers (MRSECs) are organizing a virtual symposium geared towards promoting the career development of early-career postdocs and advanced graduate students in the areas of Soft and Biological Matter. A second goal is to increase the diversity of researchers in the field. Those selected to present their research will receive an honorarium. The symposium will take place on Oct 6th and 7th, 2022.

APPLICATION

To apply, submit the following to Eileen Sheu at esheu@chicago.edu by Aug 15th

- Curriculum Vitae
- Manuscript, preprint, or poster on the research to be presented
- Personal statement (<300 words) describing your experiences and career aspirations in STEM research/education.
- Letter of recommendation can be emailed separately to esheu@uchicago.edu with subject line "Recommendation letter for (full name of applicant).

Applicants can also submit these documents through our website: https://mrsec.uchicago.edu/rising-stars-program-application/

SOFT MATTER FOR ALL SYMPOSIUM: FEB 3, 2023

The Princeton University and the University of Delaware MRSECs are also inviting speakers for the Soft Matter for All Symposium. Applications will open on Oct 3rd.
