WHAT’S NEW

PARKING

NEW SHUTTLE FLEET
The University signed an agreement with First Transit Inc. to continue providing shuttle service to the University. As part of this new agreement, riders can expect to see new shuttles during Autumn Quarter with improved technology, bike racks on the front of each shuttle, and other enhancements to the new fleet.

NIGHTRIDE SHUTTLE ROUTE CHANGES
A few changes have been made to the NightRide shuttle routes. For more details and to view the NightRide map, visit safety-security.uchicago.edu/services/ugo_nightride_shuttles.

• The South Route will continue to travel further south on Woodlawn Avenue from 57th Street to 63rd Street, and travel west onto 63rd Street. Based on ridership feedback, the route has been adjusted to service 60th Street and Ellis Avenue before traveling south to 63rd Street.

• The University has amended the North Route to travel north along Drexel Avenue instead of Ingleside Avenue, and along 48th Street, instead of 47th Street.

• The Central Route now travels westbound along 53rd Street, but no longer on South Hyde Park Boulevard, which is serviced by the East Route. This enhancement provides a more direct connection between 60th Street and 53rd Street, eliminating the need to transfer buses.

NEW 53rd STREET EXPRESS STOP
The 53rd Street Express route now makes an additional stop at 53rd Street and South Kenwood Avenue near the new Vue53 building.

CTA U-PASS
Students in the College are now issued the CTA’s Ventra U-Pass and will be required to use it to board all CTA buses and trains.
