Personal Protective Equipment

Use the "Next" icon to progress through the training content.

Select "Save & Exit" to save your progress and return at a later time.

**Issues completing training?**
The most common reason is unfinished quiz questions.

**Step #1:** Look for **RED** boxes, which indicate unanswered quiz questions.

**Step #2:** Use the scrolling wheel to view all of the quiz questions.

**Step #3:** If you have a question highlighted, it will appear blue, not red, but looking closer you can see the blue box is not checked (i.e., quiz question unfinished).

After you have answered all of the quiz questions, you will be automatically taken to a new page where you can:
- Update your preferred email address;
- Select the "Save As Complete" icon to submit the training;
- See your quiz score and review the correct answers for any questions you may have missed.

**End of Course. Please click "Save as Complete to see results.**
