

GENERAL SAFETY

Environmental Health and Safety (EHS)

safety@uchicago.edu - 773.702.9999

LABORATORY SAFETY

Office of Research Safety (ORS)

researchsafety@uchicago.edu - 773.834.2707

ACCIDENT

Unanticipated event that results in an injury, illness, hazardous spill/release, or significant property damage

EMERGENCY

- Fatality
- Injury/Illness requiring medical attention
- Emergency equipment used (eyewash, extinguisher)
- Laboratory exposures
 - Chemical
 - Biological/Needle stick*
 - Animal bite/scratch
 - Laser
 - Radioactive
- Chemical spill OR oil spill
 - Hazardous/toxic
 - Too large for spill kit
 - > 42 gallons of oil
 - Entered drain
- Confirmed fire/explosion
- Significant property damage (Flooding)
- Odor complaint leading to building evacuation or multiple occupants struck ill

CALL UCPD**

123 (Campus Phone)

773.702.8181 (Cell Phone)

UCPD
pages
EHS or ORS

EHS or ORS On-call Safety Officer immediately begins root-cause analysis.

INCIDENT

A close call/near miss that has the potential to escalate to accident status

NON-EMERGENCY

- Minor injury, first-aid was self-applied and/or no medical attention was needed
- Minor chemical spill
 - Non-hazardous
 - Addressed with spill kit
 - Drain not impacted
- Incident occurred that had the potential to cause an accident
 - Equipment malfunction
 - Improper use of equipment
 - Contained fire, no damage

EHS or ORS initiates root-cause analysis within 24 hours of report.

SAFETY CONCERN

A routine safety issue or concern submitted to EHS or ORS's main e-mail addresses.

ROUTINE

- Policy or regulatory clarifications
- Chemical storage, handling, or emergency procedures
- Indoor air quality complaints
- Mildew or mold concerns
- Job safety analysis/risk assessment

EHS or ORS assigns work request and responds to e-mail within 24-48 hours.

**Mobile App
Coming
soon!!**

* If the incident is related to a needle stick, please call the needle stick hotline immediately 773.753.1880 pager 9990#.

** If you are located in an off-campus facility (e.g., Gleacher Center, Argonne, Yerkes), please call 911 in the event of an emergency situation (e.g., fire, ambulance).

FAQs

Q: Where can I submit a report?

A: Download the UCAIR mobile app (IOS or Android) or go to ucair.uchicago.edu to submit a report online and learn more about UCAIR. The UCAIR link is also hosted on present on the websites of both safety offices (EHS and ORS).

Q: Do I need to login to UCAIR?

A: No. Anyone can access the UCAIR tool and submit a report.

Q: Can I report an accident/incident anonymously?

A: Yes. However, anonymous reporting is only for events that do not require medical attention. If a University employee sustains an injury requiring medical attention they must follow the Human Resources Policy 525 – Workers' Compensation and complete three forms with their supervisor. If you are reporting a non-injury anonymously, please be as detailed as possible to ensure we can locate the area to determine the root cause.

Q: If I work at the University of Chicago Medicine, does the process change?

A: Yes. Call Public Safety at **773.702.6262** to report all emergencies in the Medical Center. If you are a University employee, then you can submit a report using the UCAIR tool.

Q: If I submit a report to UCAIR, does it also notify UCPD?

A: No. The UCAIR tool only sends a notification to the main email boxes of the safety offices (EHS and ORS). In the event of an emergency, your first call should be to UCPD at **123** or **773.702.8181** to ensure proper emergency response procedures are triggered (e.g., UCPD pages: On-call engineer, On-call Safety Officer for EHS and/or ORS, Dean On-call if students are involved, etc.)

FAQs

Q: Why should I use UCAIR?

A: Your UCAIR report will allow the safety offices to follow-up and determine the root cause of an accident/incident, which can drive change and eliminate future occurrences.

Q: What is the difference between UCAIR and UCARE?

A: UCAIR is a system for submitting a report about any accident/incident that occurs on campus or work-related injuries at off-campus locations. UCARE is the University of Chicago Alcohol Risk Reduction Education Program that is managed by Student Health and Counseling Services (SHCS).

Q: Does this replace the whistleblower hotline?

A: No. Please call the University's whistleblower hotline at 1.800.971.4317 to report unethical or inappropriate behavior.

Q: How do I know whether to report something?

A: All accidents/incidents should be reported no matter how minor. Reporting of accidents/incidents helps identify the cause and prevent future occurrences. If in doubt, report it.

Q: When should I not use the UCAIR system?

A: UCAIR's main goal is to eliminate preventable injuries and significant accidents that impact university employees or disrupt facilities on a large scale. UCAIR is not intended to replace existing work request systems that manage minor safety concerns, building issues, complaints, or routine safety requests. Do not use UCAIR to report violent crimes, small pipe leaks, condensation, musty odors, mold/mildew, nor nuisance odors related to food/cooking. Contact Facilities Services or Physical Plant for all building related maintenance issues and the appropriate safety office for routine safety work requests. Contact Environmental Health and Safety for non-lab related issues and the Office of Research Safety for lab related issues.
