

- Only reuse compatible container types
- New waste containers shall have the original labels covered up or completely defaced and must be re-labeled with the new **contents and hazards**
- Containers for **acutely toxic materials** shall not be rinsed or reused, they must be disposed of as hazardous waste
- Contact the ORS Chemical Safety Officers for questions regarding compatibility at [researchsafety@uchicago.edu](mailto:researchsafety@uchicago.edu) or at **773.834.2707**

- Rinsed empty containers may be disposed of via trash or recycling
  - \* Contact your facility manager for proper disposal procedure for empty containers from you location

- Remove, cover up or deface all container labels and hazard warnings
- For containers formerly containing **acutely toxic materials**, do not rinse, instead enter a chemical waste disposal request via EH&S Assistant at: [ehsa.uchicago.edu](http://ehsa.uchicago.edu)
