

- All waste containers shall be marked with:
 - * The word “**Waste**”;
 - * **Location** where the waste is generated;
 - * The chemical **contents/constituents**; and
 - * **Hazards** associated with the chemical(s).

Labeling—Hazardous Waste

HAZARDOUS CHEMICAL WASTE	
DO NOT DISPOSE OF IN TRASH. DO NOT STORE IN CORRIDORS.	
PI: Henri Moissan	Lab: GCIS N991
Contents: Ethidium Bromide Waste Gels (99.9% Agarose Gel, <0.1% Ethidium Bromide)	
HAZARDS	
Mutagen	
If found contact UCPD at (773)702-8181	

- Hazardous waste labels may be:
 - * Printed from within the EHS Assistant program (ehsa.uchicago.edu), after you input your waste pick-up request; or
 - * See the campus Hazardous Waste Disposal policy on EHS's website (safety.uchicago.edu) for Adobe templates.
- Please affix labels to containers using printable Avery labels* or by inserting paper labels into self-adhesive packing slip envelopes.

Lab waste must remain in lab (I.e. near point of generation). Never relocate waste or place in corridors.

**For questions about waste container labeling or to request a supply of pre-printed labels contact EHS.*
