

Reports of Harassment, Discrimination and Sexual Misconduct Involving UChicago Students

On an annual basis, the Office of the Dean of Students in the University will release statistics and information on reports from the previous academic year that allege harassment, discrimination and sexual misconduct involving students at the University, including matters heard by the University-wide Student Disciplinary Committee in which a student is the accused.

The University's Policy on Harassment, Discrimination and Sexual Misconduct can be viewed [here](#). To report sexual assault, sexual abuse, sexual harassment, dating violence, domestic violence, and/or stalking, please contact the [Office of the University Title IX Coordinator](#).

The data presented below derive from reports and formal complaints that were received between July 1, 2014 and June 30, 2016. Each academic year begins July 1 and ends June 30.

Table I. Number of reports

The table below indicates the number of unique reports/complaints where the complainant and/or respondent is a student at the University. A complainant may direct an allegation against more than one respondent.

Because a report/complaint can allege multiple behaviors that are prohibited by the policy, the total number of issues may exceed the total number of reports/complaints.
