Who is eligible to enroll?

Registered students taking credit hours and who are eligible to use UChicago Student Wellness are required to have insurance and will be enrolled in this insurance plan at registration, unless proof of comparable coverage is furnished. Toyota Technological Institute at Chicago students are also required to have insurance and will be enrolled in this plan unless proof of comparable coverage is furnished.

Affiliated seminary students and opt-in students in the following programs: Booth School of Business; Graham School of Continuing Liberal and Professional Studies; Harris School of Public Policy; and School of Social Service Administration are not eligible to use UChicago Student Wellness and therefore are able to enroll in the program on a voluntary basis.

All registered PhD students are required to purchase this insurance plan on a mandatory basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse, Civil Union partner and dependent children under 26 years of age. For more information about Eligible Dependents visit the University’s Student Insurance site: [https://wellness.uchicago.edu/student-insurance/u-ship/dependent-enrollment/](https://wellness.uchicago.edu/student-insurance/u-ship/dependent-enrollment/)

To enroll dependents, students must first enroll themselves and then complete the “Enrollment Form for Dependents” (www.uhcsr.com/UChicago) and submit to the on campus insurance office along with proof of eligible dependent status. For more information visit studentinsurance.uchicago.edu

The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse or Civil Union partner who meets the specific requirements set forth in the Definitions section of the Certificate.
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of the Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.
