

UChicago Student Wellness

MISSION - VISION - VALUES

UChicago Student Wellness believes that good health is essential for academic success. At the University of Chicago, students have access to coordinated and comprehensive medical care, counseling, psychiatry, and health promotion services targeted at building and maintaining overall well-being.

OUR MISSION

Our mission is to provide students with comprehensive health, counseling, and wellness services to support their academic, personal, and professional success. With a focus on health promotion and education, we accomplish our work collaboratively, through a talented and diverse team committed to delivering high-quality, inclusive care, with the highest standards of professionalism and student confidentiality.

OUR VISION

UChicago Student Wellness redefines excellence in the field by providing exceptional, integrated wellness services that enable students to thrive. In an environment in which staff can perform at their best, we offer unparalleled access to holistic care and innovative programs that empower students to be champions of their own wellbeing.

OUR VALUES

These efforts are supported by our iCARE values - **inclusion, collaboration, agility, respect,** and **excellence** - which guide our efforts to provide exceptional care to our students in a safe and welcoming environment.

These principles were crafted collaboratively by a cross-functional staff committee. The UChicago Student Wellness team is grateful for the work of this committee and for the input from students along the way.
