Dear Student,

We hope you are having a good Summer Quarter so far.

According to our records, you are currently enrolled in the University Student Health Insurance Plan (U-SHIP) for the remainder of the plan year. The premium has been assessed on your student account and your coverage is effective until August 31, 2022.

As a reminder, if you remain registered at the University this coming Autumn Quarter, you will need to take action to enroll/waive U-SHIP for the 2022-23 plan year. You will receive email reminders from us to do so.

U-SHIP is a platinum rated plan by the ACA. This means that you are enrolled in a plan with extensive benefits, a nationwide network of providers, international coverage, access to telemedicine, and a low annual deductible and out-of-pocket max. For more information about your U-SHIP benefits visit the Student Insurance Website.

Under U-SHIP, you should first utilize UChicago Student Wellness when you need care, unless it is an emergency. Please note: Services received from providers outside UChicago Student Wellness - including UChicago Medicine - require a referral in advance to avoid the $50 non-referral penalty per visit. This includes physician visits outside of UChicago Student Wellness as well as behavioral health/psychotherapy appointments outside of UChicago Student Wellness. Please ask UChicago Student Wellness to submit your referral to UnitedHealthcare StudentResources before you obtain services outside UChicago Student Wellness.

Information about hours of operation and making appointments can be found on the UChicago Student Wellness website. If you need care after hours, please remember there are a variety of resources to help you navigate your health concerns. Please refer to our options for care guide - particularly during times when UChicago Student Wellness is closed.

Keep reading below for some important reminders regarding your enrollment, as well as some of the benefits available to U-SHIP enrollees.
